

Early Childhood Approach Family Information Sessions

The Early Childhood Approach supports children aged 0-6 years, who have a disability or developmental delay and their parents or carers.

Benevolent Society is the NDIS Partner in the Community delivering the Early Childhood Approach to Moreton Bay, Brisbane, Logan and Redlands.

As part of the approach, our multidisciplinary allied health team are delivering a series of informal developmental information sessions to families and invite you to attend.

For parents and carers, the information sessions are an opportunity to:

- Better understand your child's support needs;
- Learn strategies and receive tools that will promote their development;
- Have your developmental questions answered by our team.

Session Topics:

- **My Sensory World – Play, Learning and Daily Life**
- **The Importance of Routines**
- **Encouraging Communication with Your Child**

Please Note:

There is no cost associated with these sessions but places are limited. Families must register to attend. For more details and to register, please follow the link (below) for the session that suits your availability.

Session topics change each school term. You can stay up to date with session details and find more information about the Early Childhood Approach on our Facebook page: <https://www.facebook.com/tbsecei>
