## We're looking for the next generation of Queensland sporting heroes.

---

With the Brisbane 2032 Olympic and Paralympic Games being staged right here in our backyard, we are searching to find the next generation of Queensland champions through our QAS Youfor2032 talent identification program.

We are looking for young people with raw athletic talent to succeed in one of our sports. You don't need to have experience in one of these sports to apply – in fact, we are looking for those with skills and abilities that can be transferred into other sports.

This multi-sport talent search is a once in a lifetime opportunity to step out of your comfort zone and explore new athletic challenges.

If you're between 13-23 years old (Olympic) and 13-30 years old (Paralympic) and have a desire to compete at the highest level, we're looking for you! Want to have a go at Brisbane 2032?
